THE OVERARCHING INITIATIVE

SLIP is the overarching initiative referred to as the umbrella initiative to start the change process from the school level up to the department. It has become the central coordinating point to facilitate all other policy initiatives to be efficiently and effectively implemented for maximum benefit. SLIP has the upper hand to:

INTEGRATE

Incorporate many (aspects of) management plans into one inclusive and explicit plan. The SLIP promotes transparent accounting and holistic school planning. This is contributing to the seventh focus area of the NEP 2020-2029.

ALIGN

Align with national and provincial priorities, policies and making linkage of efforts from a school vision to a global arm. This is with understanding that we are global community and have influence on each other.

COLLABORATE/ PARTNER

All groups with the same interest in education share responsibilities with the LLG, district, province, churches, and community to achieve a common goal. SLIP focuses on good governance and management of resources.
